**PUBLIC RECORDS REQUEST OR QUESTION**

Please process this request EITHER as a public records request per California Public Records Act (Cal Code Section 6250 et seq), if it cannot be processed as a QUESTION, per Election Code Section 2300, the "Voters Bill of Rights" paragraph 9, to which we have a right to receive an answer:

2300 (9) (A) You have the right to ask questions about election procedures and observe the election process.

(B) You have the right to ask questions of the precinct board and elections officials regarding election procedures and to receive an answer or be directed to the appropriate official for an answer. However, if persistent questioning disrupts the execution of their duties, the precinct board or elections officials may discontinue responding to questions.

In the November 2019 election, your office conducted logic and accuracy testing of your election equipment. Please provide the ballot images produced from that testing and the cast-vote-record file for each ballot. Please provide the data electronically in a machine-readable format, either on CD or on thumb-drive, or upload to our Sharefile.com account (please email me for instructions).

This is a public record which is not exempted under Cal Code 6250 et seq., has no privacy concerns, and the ballot images produced in the Logic and Accuracy test are not sealed under the election code in any way. Your office cited those concerns in prior requests.

Sincerely,

Ray Lutz
